**TIME: 2:00 PM (MT)**

**DELIVER TO:** Rio Rancho Public Schools  
Purchasing Department  
500 Laser Road NE  
Rio Rancho, New Mexico 87124

The purpose of this amendment is to provide RRPS written response to the following question that has been timely submitted – see listing below. *All other BID terms, conditions, specifications, requirements and criteria remain unchanged.*

**Question #1:** The site fence and bollard installation - multiple sites, RRPS was just listed on Construction Reporter, however there are no plans only 00 Bidding Docs. The specs do say a 10 day prior approval would be required for substitute material making tomorrow the deadline.. Would you be able to provide me the specified manufacturer for Bollards, or a fixture schedule, as our Agency would like to offer our bollards if we are not already specified?

**Response:** *The intended bollards are not a pre-manufactured item, rather they are cut to size from 4 inch diameter pipe and are to be filled with cement and painted. Also, the aerial photographs are the only "plans" available.*
