**Parent/Guardian Consent to Use of Student Information and Images**

Many programs, activities, and events taking place in the Rio Rancho Public Schools are of interest to the public. Often civic, educational, student and other groups are interested in learning about our students and programs. From time to time, we produce or allow to be produced publications, photographs, video recorded programs, and films for non-commercial use to provide information to the public about our programs and services.

In addition, commercial newspaper coverage, broadcast television programs including newscasts, and cable television programs sometimes feature our classes and activities. When any such article, videotape, film, or photograph is produced and released, it becomes the property of the party to whom it is released, and it may be replayed or reprinted at a later date. This is true with any newspaper or magazine.
